

**REPORT ON COMPLIANCE
OF ASSECO SOUTH EASTERN EUROPE S.A.
WITH THE CORPORATE GOVERNANCE STANDARDS
FOR 2013**

Rzeszów, 19 February 2014

Declaration of Asseco South Eastern Europe S.A. on compliance with the Corporate Governance Standards, prepared pursuant to § 91 sec. 5 item 4) of the Regulation of the Minister of Finance of 19 February 2009 regarding current and periodic information to be submitted by issuers of securities and conditions for recognizing as equivalent information required by laws of a non-member state (Journal of Laws 2009 No. 33, item 259).

1. THE SET OF CORPORATE GOVERNANCE STANDARDS APPLICABLE TO THE ISSUER AND THE PLACE WHERE IT IS PUBLICLY AVAILABLE.

Asseco South Eastern Europe S.A. ("Company") is bound by the Code of Best Practice for WSE Listed Companies adopted by a resolution of the Board of the Warsaw Stock Exchange on 21 November 2012.

The report on corporate governance standards applied by the Company was included in the current report No. 6/2009 of 28 October 2009 as well as in the form of the "Declarations of compliance with the corporate governance standards" prepared in 2009, 2010, 2011 and 2012, pursuant to § 91 sec. 5 item 4) of the Regulation of the Minister of Finance of 19 February 2009 regarding current and periodic information to be submitted by issuers of securities, which constituted a separate parts of the 2009 annual report published on 16 March 2010, the 2010 annual report published on 16 March 2011, the 2011 annual report published on 23 February 2012 and the 2012 annual report published on 20 February 2013.

The set of corporate governance standards is available from the Warsaw Stock Exchange website at the address:

http://www.corp.gov.gpw.pl/assets/library/english/regulacje/dobrepraktykien_2012.pdf

2. CORPORATE GOVERNANCE STANDARDS WHICH HAVE BEEN PARTIALLY OR ENTIRELY WAIVED BY THE ISSUER AND THE RATIONALE FOR DOING SO.

The Management Board of the Company indicated the Company's withdrawal from application of the following corporate governance rules:

Recommendation I.5

A company should have a remuneration policy and rules of defining the policy. The remuneration policy should in particular determine the form, structure, and level of remuneration of members of supervisory and management bodies. Commission Recommendation of 14 December

2004 fostering an appropriate regime for the remuneration of directors of listed companies (2004/913/EC) and Commission Recommendation of 30 April 2009 complementing that Recommendation (2009/385/EC) should apply in defining the remuneration policy for members of supervisory and management bodies of the company.

Determination of the remuneration payable to members of the Company's Supervisory Board falls within the authority of the General Meeting; whereas, the remuneration of members of the Management Board is determined by the Supervisory Board.

The amount of remuneration payable to individual members of the Management Board depends upon the obligations, competence and responsibility involved in their positions as well as upon their economic performance. Furthermore, in every annual report the Company provides information on the remuneration payable to its management and supervisory personnel, in accordance with § 91 sec. 6 item 17) of the Regulation of the Minister of Finance regarding current and periodic information to be submitted by issuers of securities.

Recommendation I.9

The WSE recommends to public companies and their shareholders that they ensure a balanced proportion of women and men in management and supervisory functions in companies, thus reinforcing the creativity and innovation of the companies' business operations.

Members of the Company's Management Board and Supervisory Board are elected by an independent decision of the Supervisory Board and the General Meeting, respectively. Nonetheless, the main criteria for the election of persons to perform management and supervisory functions in the Company include the candidate's competence, professionalism and skills, while other factors, such as gender, are not taken into account in this respect.

Recommendation I.12

A company should enable its shareholders to exercise the voting right during a General Meeting either in person or through a plenipotentiary, outside the venue of the General Meeting, using electronic communication means.

The Company does not plan to make it possible to exercise the voting right during a General Meeting outside the venue of the General Meeting, using electronic communication means.

In the Company's opinion, the implementation of this recommendation would involve fairly high risks of both technical and legal nature. Allowing the shareholders to exercise the voting right during a General Meeting using means of electronic communication, would result in technical and legal risks for the proper and efficient conduct of such General Meeting. The Company does not preclude application of this recommendation in the future.

Rule II.1.9a

1. A company should operate a corporate website and publish on it, in addition to information required by legal regulations:

(...)

9a) a record of the General Meeting in audio or video format

The Company does not plan to record the General Meeting in audio or video format and will not publish the General Meeting's record on its website. In Company's opinion the current manner of documenting the course of the General Meetings provides transparency of the Company's operations and protects the rights of its shareholders. The Company discloses the content of resolutions in the form of current reports and publications on its website. What is more, detailed information on the voting results, as well as any objections to the adopted resolutions are made available in the same form. Thus, investors have the opportunity to become familiar with the essential elements of the course of the General Meeting. The Company does not preclude application of this rule in the future.

Rule II.1.11

II. Best Practice for Management Boards of Listed Companies

1. A company should operate a corporate website and publish:

11) information known to its Management Board based on a statement of a member of the Supervisory Board concerning any relationship of such member of the Supervisory Board with a shareholder who holds shares representing not less than 5% of all votes at the company's General Meeting;

The Company applies the above-mentioned rule to a limited scope, this is only when a member of its Supervisory Board files an appropriate statement on his/her relationship with a shareholder who holds shares representing not less than 5% of all votes at the Company's General Meeting.

Rule II.3

II. Best Practice for Management Boards of Listed Companies

3. Before a company executes a significant agreement with a related entity, its Management Board shall request the approval of the transaction/agreement by the Supervisory Board. This condition does not apply to typical transactions made on market terms within the operating business by the company with a subsidiary where the company holds a majority stake. For the purpose of this document, related entity shall be understood within the meaning of the Regulation of the Minister of Finance issued pursuant to Article 60.2 of the Act on Public Offering, Conditions Governing the Introduction of Financial Instruments to Organised Trading, and Public Companies (Dz.U. No. 184, item 1539, as amended).

The Company applies the above-mentioned rule in the scope described in § 13 sec. 12 item 24) of its Articles of Association.

Rule III.2

III. Best Practice for Supervisory Board Members

2. A member of the Supervisory Board should submit to the company's Management Board information on any relationship with a shareholder who holds shares representing not less than 5% of all votes at the General Meeting. This obligation concerns financial or other relationships which may affect the position of the member of the Supervisory Board on issues decided by the Supervisory Board.

The Company applies the above-mentioned rule to a limited scope, this is only when a member of its Supervisory Board files an appropriate statement on his/her relationship with a shareholder who holds shares representing not less than 5% of all votes at the Company's General Meeting.

Rule III.6

III. Best Practice for Supervisory Board Members

6. At least two members of the Supervisory Board should meet the criteria of being independent from the company and entities with significant connections with the company. The independence criteria should be applied under Annex II to the European Commission Recommendation of 15 February 2005 on the role of non-executive or supervisory directors of listed companies and on the committees of the (supervisory) board. Irrespective of the provisions of point (b) of the said Annex, a person who is an employee of the

company or an associated company cannot be deemed to meet the independence criteria described in the Annex. In addition, a relationship with a shareholder precluding the independence of a member of the Supervisory Board as understood in this rule is an actual and significant relationship with any shareholder who has the right to exercise at least 5% of all votes at the General Meeting.

In the Company's opinion it is difficult to accept this provision because it would prejudice the exercise of ownership rights by shareholders. The shareholders' ability to make independent decisions as to the election of the Company's authorities, including the Supervisory Board which in turn appoints the Management Board, is a fundamental ownership right resulting from holding a stake of shares. Furthermore, the independence criteria for members of the Supervisory Board are still quite imprecise. It turned out very difficult to define such independence criteria that would guarantee the impartiality of decisions taken by independent members of the Supervisory Board and that, at the same time, could be reliably and authoritatively verified to be satisfied by candidate members of the Supervisory Board. The Company would neither have the ability or adequate tools to maintain ongoing control whether such independence criteria are actually met by independent members of the Supervisory Board in performing their supervisory functions, and therefore the Company would be largely forced to rely on the declarations made by candidates themselves or by shareholders proposing their candidacy. In effect, this rule would not be implemented or applied in practice in conformity with the regulator's intent.

Rule III.8

III. Best Practice for Supervisory Board Members

8. Annex I to the European Commission Recommendation of 15 February 2005 on the role of non-executive or supervisory directors (...) should apply to the tasks and operation of any committees of the Supervisory Board.

On 17 May 2010, the Supervisory Board of Asseco South Eastern Europe SA, in order to fulfil the obligation under art. 86 sec. 3 and 7 of the Law of 7 May 2009 on certified auditors, their self-government, entities authorized to audit financial statements and on public supervision, established an Audit Committee from among its members: Andrzej Mauberg, Przemysław Sęczkowski and Gabriela Żukowicz.

On 8 August 2012, the Supervisory Board of the Company of the new term of office established an Audit Committee from among its members: Andrzej Mauberg, Jacek Duch and Gabriela Żukowicz.

Rule III.9

III. Best Practice for Supervisory Board Members

9. Execution by the company of an agreement/transaction with a related entity which meets the conditions of rule II.3 requires approval of the Supervisory Board.

The Company applies the above-mentioned rule in the scope described in § 13 sec. 12 item 24) of its Articles of Association.

Rule IV.10

10. A company should enable its shareholders to participate in a General Meeting using electronic communication means through:

- 1) real-life broadcast of General Meetings;*
- 2) real-time bilateral communication where shareholders may take the floor during a General Meeting from a location other than the General Meeting.*

The Company does not plan to enable shareholders to participate in a General Meeting using electronic communication means. Firstly, it should be noted that application of this rule by the Company is not currently possible due to the lack of relevant provisions in Company's Articles of Association. Pursuant to art. 406⁵ § 1 of Commercial Companies Code real-life broadcast and real-time bilateral communication where shareholders could take the floor during the General Meeting from the location other than the General Meeting, requires the Articles of Association to include provisions authorizing to carry out such measures. In the absence of such provisions in the Company's Articles of Association, it is not currently possible to implement this rule. Notwithstanding the abovementioned, implementation of this rule would involve technical and legal risks. Real-life broadcast of General Meetings and, in particular, the possibility for shareholders to take floor in the course of the General Meeting without their physical presence at the meeting, by means of electronic communication, involves both technical and legal risks for proper and efficient conduct of the General Meeting. In particular, it creates a real risk of interference, which could prevent a continuous, two-way communication with shareholders located in places other than the meeting room. In the Company's opinion, the current principles of participation in General

Meetings provide proper and effective implementation of rights arising from shares and sufficiently protect the interests of all shareholders. The Company does not preclude application of this rule in the future.

3. MAIN FEATURES OF THE INTERNAL AUDIT AND RISK MANAGEMENT SYSTEMS APPLIED BY THE ISSUER IN THE PROCESS OF PREPARING ITS SEPARATE AND CONSOLIDATED FINANCIAL STATEMENTS.

The Company's separate and consolidated financial statements are prepared in compliance with the International Accounting Standards ("IAS") as well as the International Financial Reporting Standards ("IFRS"). Both IAS and IFRS include interpretations approved by the International Financial Reporting Interpretations Committee ("IFRIC").

One of the key mechanisms of control in the process of preparing the Company's financial statements involves periodical verification of such financial statements by independent certified auditors, and in particular the review of semi-annual financial statements as well as the audit of annual financial statements.

Certified auditors are selected by the Company in such a way as to ensure that their entrusted tasks are performed impartially. For the sake of such impartiality, the Company changes the entity authorized to audit its financial statements at least once every five years. The change of certified auditors should be also understood as changing the chief auditor carrying out an audit. Certified auditors are each year selected by the Supervisory Board from among reputable auditing firms, which can guarantee high standards of service and independence. Auditing agreements are concluded for one-year periods.

In order to ensure accuracy of the Company's accounting books as well as generation of highly reliable financial data, the Management Board adopted the following documents:

- 1) Accounting Policy and Chart of Accounts, both consistent with the International Financial Reporting Standards,
- 2) Numerous internal procedures regulating the Company's operations with significant exposure to risk.

Quality of the accounting data, which provide basis for the preparation of financial statements, is additionally guaranteed by the fact that the Company's accounting books are maintained in an integrated ERP system.

The most significant area of the Company's risk exposure is market risk, including in particular the foreign currency risk and interest rate risk. Exposure to such types of risk results from the Company's active use of financial instruments as well as from entering into the implementation contracts denominated in foreign currencies. The principles of measurement and management of individual types of risk have been described both in the consolidated and separate financial statements for the year ended 31 December 2013.

The Management Board continues to monitor the Company's exposure to particular types of risk and in the event of excessive risk concentration it undertakes hedging transactions, especially in relation to the implementation contracts (where currency forward contracts are used). In the event no hedging transactions are available, the Management Board observes market changes of the parameter being the source of risk exposure, and monitors the total potential impact on the Company's financial results.

The internal control and risk management procedures applied in the process of preparing the Company's financial statements are very effective and enable production of high quality reports, which is best proved by the opinions expressed by certified auditors following their audits of Company's financial statements.

4. SHAREHOLDERS WHO, DIRECTLY OR INDIRECTLY, HOLD SIGNIFICANT STAKES OF SHARES INCLUSIVE OF THE NUMBERS OF SHARES AND EQUITY INTERESTS HELD, AND THE NUMBERS OF VOTES AND VOTING INTERESTS THEY ARE ENTITLED TO AT THE GENERAL MEETING.

To the best knowledge of the Company's Management Board, as at the publication date of this report, i.e. on 19 February 2014, the Shareholders who, either directly or through their subsidiaries, held at least 5% of the total votes at the General Meeting were as follows:

| NAME OF SHAREHOLDER | Number of shares held and votes at GM | Equity interest and voting interest at GM |
|---------------------|---------------------------------------|---|

The Management Board shall manage the Company's operations and assets and represent the Company outside in relations with courts, administration bodies, and other third parties. The Management Board shall take decisions concerning all the matters which, under the provisions of law or these Articles of Association, are not specifically reserved for the Supervisory Board or General Meeting.

The Management Board shall be composed of 1 (one) to 9 (nine) members, including the President, Vice-Presidents and remaining members of the Management Board. The joint term of office of Members of the Management Board shall last 5 (five) years. Each Member of the Management Board may be reappointed to the next term of office. Members of the Management Board may be appointed from among the Company's shareholders or other persons.

The Management Board shall be appointed and dismissed by the Supervisory Board, whereas any motions for determining the number of persons in the Management Board composition, or for appointment of the remaining Members of the Management Board, shall be submitted by President of the Management Board to Chairman of the Supervisory Board. Should President of the Management Board fail to submit adequate motions in due time, which guarantees

efficient functioning of the Management Board, the Supervisory Board shall take actions on its own initiative.

President of the Management Board shall submit to the Supervisory Board motions for determining the remuneration of Members of the Management Board other than himself/herself. Should President of the Management Board fail to submit adequate motions in due time, which guarantees efficient functioning of the Management Board, the Supervisory Board shall take actions on its own initiative. The remuneration of President of the Management Board shall be determined by the Supervisory Board at its own discretion.

Mandates of Management Board Members shall expire at the latest on the date of holding the General Meeting that approves the report on the Company's operations and its financial statements for the last full financial year when the Management Board Members performed their functions.

A Member of the Management Board may be dismissed at any time. Such dismissal shall not deprive the dismissed person of any rights under their employment contract or any other legal relationship incidental to performing the function of the Management Board Member. A dismissed Member of the Management Board shall be entitled and obliged to provide explanations during preparation of the Company's management report and financial statements for the period when he/she acted as Member of the Management Board, as well as to participate in the General Meeting which is to approve the report and statements referred to in art. 395 § 2 item 1) of the Polish Commercial Companies Code. Responsibilities and authority of the management staff are described in art. 371 and subsequent articles of the Polish Commercial Companies Code as well as in item 11) of this report.

9. RULES REGARDING AMENDMENT OF THE ISSUER'S ARTICLES OF ASSOCIATION.

Amendments of the Articles of Association of a joint-stock are regulated in detail in chapters 4, 5 and 6 of the Polish Commercial Companies Code (art. 430 and subsequent articles). The Company's Articles of Association do not contain any detailed regulations pertaining to amendments thereof. In this respect the Company adheres to the provisions of the Polish Commercial Companies Code, under which an amendment of the Articles of Association shall require:

- a resolution of the General Meeting, and
- an entry in the National Court Register (art. 430 of the PCCC).

An amendment of the Articles of Association may be adopted by the General Meeting. In order to initiate amendment of the Articles of Association, the notification of calling a General Meeting must include both the existing provisions of the Articles of Association and the proposed amendments. If the intended amendments are extensive, the General Meeting announcement may also contain a draft of the consolidated text of the Articles of Association, along with a specification of new or amended provisions thereof.

Amendments of the Articles of Association shall be adopted by the General by a three-quarters majority of votes. The Articles of Association may impose stricter requirements as regards both the majority of votes and the quorum; however, the Company's Articles of Association do not stipulate such stricter requirements. In the event an amendment concerns the provisions on:

- the scope of the Company's business operations – such amendment shall require a two-thirds majority of votes, with the reservation that in voting over a significant change of the scope of business operations any preferred shares shall be deprived of their preference voting rights;
- an increase of the shareholders' contributions or a reduction of their personal rights – such amendment shall be agreed to by all the involved shareholders.

If the Company has shares with different rights (e.g. preferred shares and ordinary shares), an amendment of its Articles of Association that may adversely affect the rights of holders of a given class of shares must be adopted by passing a relevant resolution separately in every group (class) of shares. Such resolution may be passed by the required majority of votes cast in each of those groups. In a resolution on amendment of the Articles of Association, the General Meeting may authorize the supervisory board to prepare a consolidated text of the amended Articles of Association or to make other corrections of editorial nature.

In exceptional circumstances, the Articles of Association may be amended by a resolution of the Management Board recorded by a notary public, and not by a resolution of the General Meeting. This may happen in certain cases determined in the Polish Commercial Companies Code such as a decrease of the company's share capital (for instance, through the retirement of treasury shares which were not purchased by the Company's employees during a given year).

Registration obligations:

An amendment of the Articles of Association shall become effective once it is entered in the National Court Register. Any amendment of the Articles of Association shall be submitted for registration by the company's Management Board, within 3 months from the adoption of a relevant resolution. However, when the Articles of Association are amended following an increase of the company's share capital, such amendment may be submitted for registration within 6 months from the adoption of a resolution on the share capital increase, or from the date of an approval to introduce the newly issued shares to public trading if such approval is granted, provided a request for such approval or an announcement of a share issuance is made within 4 months from the adoption of a resolution on the share capital increase.

10. THE MANNER OF OPERATION AND ESSENTIAL AUTHORITIES OF THE GENERAL MEETING, DESCRIPTION OF THE SHAREHOLDERS' RIGHTS AND THE EXERCISE THEREOF, AND IN PARTICULAR THE RULES SET FORTH BY THE BYLAWS OF THE GENERAL MEETING PROVIDED SUCH BYLAWS HAVE BEEN ADOPTED, UNLESS SUCH INFORMATION IS DETERMINED DIRECTLY BY THE PROVISIONS OF LAW.

The General Meeting shall be opened either by Chairman of the Supervisory Board or by his designated person. In case Chairman of the Supervisory Board or his designated person is absent, the General Meeting shall be opened by President of the Management Board or a person so designated by the Management Board. Afterwards the person opening the General Meeting shall give an order to elect the Chairman. The Chairman shall be elected from among all the participants. The Chairman shall be elected in a secret ballot. The person opening the General Meeting shall oversee the proper conduct of such voting and announce the result thereof.

Immediately after being elected, the Chairman shall take charge over the General Meeting from the person opening the General Meeting, and also sign the list of attendance. Having taken up their position, the Chairman may order election of a three-person Returning Committee to calculate the voting results and perform other activities connected with the voting process. Members of the Returning Committee shall be elected in a secret ballot.

The Chairman shall be responsible for managing the proceedings of the General Meeting, and in particular for:

- 1) ensuring efficient conduct of the General Meeting in accordance with the adopted agenda and with due observance of the rights and interests of all shareholders,
- 2) counteracting any abuse of rights by the General Meeting participants,
- 3) allowing the meeting participants to speak or forbidding the speakers to continue,
- 4) closing and announcing the lists of candidates,
- 5) reading the draft resolutions out,
- 6) commanding particular votes and overseeing the proper conduct of voting,
- 7) announcing the results of voting,
- 8) ordering short breaks in the proceedings of the General Meeting, which shall not constitute an adjournment of the session, for technical or organizational reasons but also in order to call on competent security staff to remove

a participant from the venue of the General Meeting in the event they impede orderly conduct of the General Meeting and their behaviour is aggressive or importunate towards other meeting participants,

- 9) bringing any procedural issues for debate,
- 10) changing the order of consideration of particular issues included in the meeting agenda,
- 11) interpretation of the provisions of the Bylaws of the General Meeting.

The General Meeting may, at the Chairman's motion, resolve to limit the time of utterances and close the list of speakers, provided the meeting participants have already spoken both in favour of and against adoption of the proposed resolution. The Chairman shall have the right to make final editorial changes of a motion being put to a vote, if the wording of a proposed resolution has not been clearly formulated by the discussion participants. Having taken charge over the General Meeting, the Chairman shall:

- 1) determine whether the General Meeting was properly convened or – in case the General Meeting is held without being formally convened – whether the entire share capital is represented at the General Meeting and if none of the participants raises an objection against such meeting to take place or against resolving on any particular issue included in the agenda,
- 2) state whether the General Meeting is able to pass resolutions.

In the event there are no grounds for determining that the General Meeting was properly convened and that it is able to pass resolutions, the Chairman shall close the General Meeting.

Having determined the General Meeting is able to pass resolutions, the Chairman shall read out the agenda of the General Meeting and order a vote on the resolution on adopting the agenda. Any matters that do not require adoption of a resolution may be subject to consideration by the General Meeting even if they were not included in the meeting agenda. No resolution may be passed on issues that are not included in the meeting agenda, unless the Company's entire share capital is represented at the General Meeting and none of the participants raises an objection against passing such a resolution. Resolutions on convening an Extraordinary General Meeting as well as resolutions of procedural nature may be passed despite not being included in the meeting agenda. The General Meeting may pass a resolution on removing a particular issue from the meeting

agenda. A motion for adopting such a resolution should be duly justified.

Draft versions of the resolutions to be passed by the General Meeting shall be prepared by a corporate body of the Company or by the persons who convened or requested convening of the General Meeting. Each participant may, during the course of the General Meeting, propose draft resolutions concerning the issues included in the meeting agenda. Participants are required to inform the Chairman about their intention of proposing draft resolutions and to submit such draft resolutions in writing to the Chairman, at the latest after the General Meeting passes a resolution on adopting the meeting agenda. If two or more draft resolutions are proposed on the issue included in the meeting agenda, a list of draft resolutions shall draw up. Such a list shall mention at the first place the draft resolution prepared by a corporate body of the Company or by the persons who convened or requested convening of the General Meeting, and afterwards further draft resolutions in the sequence of being proposed, including the names of persons proposing each draft resolution.

Before consideration of any issue is commenced, the actual state of the matter shall be presented by the Chairman or by his designated person. Afterwards the Chairman shall read out the draft resolution, provided the subject issue requires adoption of a resolution. In the event several draft resolutions are proposed on the subject issue, the Chairman shall read them out in the sequence resulting from the list of draft resolutions. If the texts of draft resolutions are made available to participants during the discussion and voting, the Chairman may refrain from reading the draft resolutions out and, instead of that, just mention them all in the sequence resulting from the list of draft resolutions. During the discussion each participant may submit motions, supported by appropriate justification, for changing any of the draft resolutions. The Chairman shall accept the proposed amendment of a draft resolution on condition none of the participants raises an objection against such amendment. In the event any objection is made, the Chairman shall put the proposed amendment to a vote. The General Meeting shall pass a resolution either on acceptance or rejection the proposed amendment.

Having ascertained no further utterances or motions are made, the Chairman shall close the discussion and order voting over draft resolutions on a particular issue taking into account any earlier adopted amendments. Voting over draft resolutions

on a particular issue shall be conducted in the sequence of appearance in the list of draft resolutions. If as a result of voting a particular draft resolution receives a majority of votes required to pass a resolution, such resolution shall be deemed adopted in the shape proposed in its draft. In such event the remaining draft resolutions on the same issue shall not be put to vote.

Voting at the General Meeting shall be open unless the provisions of the Polish Commercial Companies Code or the Articles of Association require taking a secret ballot. Secret ballots shall be administered during the Supervisory Board election and when voting on the motions for dismissal of members of the Company's governing bodies or liquidators, for holding such persons accountable as well as on the motions concerning any other personal matters. A secret ballot shall be also taken upon request of even one of the attending participants.

Each share confers the right to one vote at the General Meeting.

Subject to the provisions of the Commercial Companies Code and the Articles of Association, resolutions of the General Meeting shall be adopted by a simple majority of votes cast, irrespective of the number of shares represented at the General Meeting.

Voting shall be carried out by the method of electronic cards or by the method of voting cards. In the event of voting by the method of electronic cards, shareholders and shareholder proxies shall be provided with such electronic cards. Voting shall be executed by putting the appropriate end of the electronic card into the card reader. The detailed guidelines for voting by the method of electronic cards are each time determined in the voting instructions attached with the meeting record and made available to all attending shareholders. The votes cast are counted by an electronic device, the voting result is printed and subsequently signed by members of the Returning Committee and the Chairman. Should any justified doubts arise with regard to the correct counting of the votes, upon request of a shareholder or a group of shareholders or their proxies, the Chairman may order to repeat the vote by the method of voting cards.

In the event of voting by the method of voting cards, shareholders and shareholder proxies shall be provided with such voting cards stamped with the Management Board seal. Voting shall be executed by marking the desired option on the voting card. Subsequently, voting cards shall be thrown into the ballot box. The votes cast are

counted by a three-person Returning Committee as earlier elected by the General Meeting.

Taking part in a vote via correspondence is not admissible.

Once a vote is completed the Chairman shall announce the result thereof.

The General Meeting may pass a resolution on adjournment of its session. Adjournments may not last longer than thirty days in aggregate. A resolution on adjournment of the General Meeting should specify the date and time when the session of the General Meeting shall be resumed. Should a resolution on adjournment of the General Meeting be adopted, maintaining the identity of its participants shall not be obligatory for the Meeting to continue. A resolution on adjournment of the General Meeting does not require any additional announcement of convening or resuming the General Meeting or any additional publication of its agenda. Should the General Meeting adjourn its session, the resolutions adopted prior to the adjournment shall be recorded in the minutes with a remark that General Meeting was adjourned. Resolutions adopted after the resumption of the General Meeting shall be recorded in separate minutes, and if several adjournments take place, separate minutes shall be taken for each of the sessions. Every record of the minutes shall be appended with a list of attendance at the particular session of the General Meeting.

The Chairman may order short breaks of the General Meeting for technical reasons. In such event the Chairman shall inform the participants of the time and place the General Meeting shall be resumed.

After addressing all the items on the agenda, the Chairman shall announce closure of the General Meeting.

Resolutions of the General Meeting shall be recorded in the minutes prepared by a notary public. A record of the minutes shall include in particular:

- a) statement whether the General Meeting was properly convened and whether it is able to pass resolutions,
- b) adopted resolutions,
- c) with respect of every resolution, an indication of the number of shares rendering valid votes, interest of such shares in the Company's share capital, the total number of valid votes cast, the numbers of votes "For", "Against", and "Abstain" as well as any objections raised.

The minutes shall be appended with the list of attendance. A copy of the minutes along with the evidence of convening of the General Meeting, and the letters of proxy and other documents accompanying the letters of proxy, shall be retained by the Management Board in the Book of Minutes. Furthermore, in the Book of Minutes should be included the Returning Committee records of the voting results, provided a Returning Committee is elected, as well as voting cards in the event of voting by the method of voting cards

Resolutions of the Supervisory Board shall be adopted by a simple majority of votes unless the provisions of law of the Company's Articles of Association impose stricter conditions for adoption of such resolutions.

Meetings of the Supervisory Board may be participated through the means of direct telecommunication. Resolutions passed in this manner shall be effective provided all Members of the Supervisory Board have been notified of the text of draft resolutions.

A record of voting with the use of direct telecommunication means, containing information on the subject of voting, Members of the Supervisory Board participating in the vote, voting

procedure applied, and detailed voting results shall be drawn up.

Furthermore, a separate document confirming the contents of the adopted resolution, indicating the voting procedure applied and the date of its adoption shall be drawn up; such document shall be immediately signed by all Members of the Supervisory Board participating in the vote and subsequently attached to the record described above.

Members of the Supervisory Board may participate in adopting resolutions by casting their votes in writing through another Member of the Supervisory Board.

Votes in writing cannot be cast on the issues introduced into the meeting agenda during a meeting of the Supervisory Board. The minutes of the Supervisory Board meeting should contain a clear description of any votes cast in writing, including the name of the Supervisory Board Member who has cast such vote and the name of the Supervisory Board Member through whom such vote has been communicated.

In case the numbers of votes "For" and "Against" are equal, the vote of Chairman of the Supervisory Board shall prevail, or in case of his absence – the vote of Vice-Chairman, or in case of the Vice-Chairman's absence – the vote of the person acting as the meeting chairman.

Voting of the Supervisory Board shall be open. A secret ballot shall be administered by Chairman of the Supervisory Board in the following cases:

- 1) suspending the President or a Member of the Management Board from their duties;
- 2) appointment or dismissal of Chairman or Vice-Chairman of the Supervisory Board;
- 3) in other matters, upon request of even one of the Supervisory Board Members taking part in voting.

Effective resolutions of the Supervisory Board may be adopted on condition that at least half of the Supervisory Board Members are present at the meeting and that all of its Members have been notified about the meeting date and place.

Resolutions of the Supervisory Board shall come into effect from the day when passed unless otherwise stated in a given resolution.

Minutes shall be taken from meetings of the Supervisory Board.

The meeting minutes shall be taken by Secretary of the Supervisory Board or by a Member of the Supervisory Board or other person designated by

Chairman of the Supervisory Board or the meeting chairman.

The meeting minutes shall include: agenda for the meeting, names and surnames of the Supervisory Board Members and invited persons attending the meeting (in the form of a list of attendance enclosed with the minutes), texts of the adopted resolutions (unless provided as enclosure to the minutes), results of voting on the resolutions, and dissenting opinions voiced.

The meeting minutes shall be drawn up during the Supervisory Board meeting they concern. Exceptionally, for technical reasons, the minutes may be drawn up after the meeting is closed. In order to be approved, the minutes need to be signed. The meeting minutes shall be signed by the meeting chairman and all Members of the Supervisory Board participating in the meeting covered by such minutes, as well as by Secretary of the Supervisory Board, if it is appointed. Any refusal to sign the minutes should be duly justified and included into the record. In the event no justification is given for the refusal of signature, the meeting chairman shall include an appropriate explanation in the minutes.

Resolutions that are not included in the text of the minutes, but provided as enclosure to the minutes, shall be signed by the meeting chairman and all Members of the Supervisory Board participating in the meeting when these resolutions were adopted.

The original resolutions and minutes of the Supervisory Board meetings, along with any materials subject to discussion recorded in the minutes, shall be retained by Secretary of the Supervisory Board at the Management Office.
