The Parent Company has been assigned the statistical number REGON 180248803. On 11 February 2008, the Parent Company’s corporate name was changed from Asseco Adria S.A. to Asseco South Eastern Europe S.A.

Since 28 October 2009, the Company’s shares have been listed on the main market of the Warsaw Stock Exchange S.A.

ASEE S.A. is the Parent Company of Asseco South Eastern Europe Group. The Parent Company shall operate within the territory of the Republic of Poland as well as abroad. The time of duration of both the Parent Company and the entities incorporated in the Group is indefinite.

The Group delivers complete solutions and proprietary software necessary to run a bank, as well as state-of-the-art payment solutions helping shape the payments market in the region, and provides integration and implementation services for IT systems and hardware from the world’s major vendors. The Group conducts business operations in the countries of Central Europe, South Eastern Europe, Iberian Peninsula, as well as in Egypt, Turkey, Colombia, Peru, and the Dominican Republic.

The scope of Asseco South Eastern Europe Group’s core business broken down by relevant segments is described in section IV of these consolidated financial statements.

The parent company of ASEE S.A. is Asseco International a.s. (“AI”) based in Bratislava, Slovakia which is part of Asseco Poland Group. As at 31 March 2024, AI held 26,407,081 shares representing 50.89% in the share capital of our Company, which carried 26,407,081 votes or 50.89% of total voting rights at the Company’s General Meeting of Shareholders. The ultimate parent company of the entire Asseco Poland Group is Asseco Poland S.A. based in Rzeszów, Poland.

These interim condensed consolidated financial statements cover the interim period ended 31 March 2024 and contain comparable data for the interim period ended 31 March 2023 in case of the statement of profit and loss, statement of other comprehensive income, statement of changes in equity and the statement of cash flows; and comparable data as at 31 December 2023 and 31 March 2023 in case of the statement of financial position.

II. Basis for the preparation of interim condensed financial statements

2.1. Basis for preparation

These interim condensed consolidated financial statements have been prepared in accordance with the historical cost convention, except for financial assets carried at fair value through profit or loss or through other comprehensive income, financial assets carried at amortized cost, as well as financial liabilities carried at fair value through profit or loss.

These interim condensed consolidated financial statements do not include all information and disclosures required for annual consolidated financial statements, and therefore they should be read together with the Group's consolidated financial statements for the year ended 31 December 2023 which were published on 27 February 2024.

The scope of these interim condensed consolidated financial statements, being part of the quarterly report, is in accordance with the Regulation of the Minister of Finance of 29 March 2018 regarding current and periodic information to be published by issuers of securities and conditions for recognizing as equivalent the information required by laws of non-EU member states (consolidated text: Journal of Laws of 2018, item 757) ("Regulation"), and covers the reporting period from 1 January to 31 March 2024 and the comparable period from 1 January to 31 March 2023 in case of the statement of profit and loss and the statement of cash flows, as well as the financial position data as at 31 March 2024 and the comparable data as at 31 December 2023 and 31 March 2023 in case of the statement of financial position.

These interim condensed consolidated financial statements have been prepared on a going-concern basis, assuming the Group will continue its business activities in the foreseeable future. Till the date of preparing these consolidated financial statements, we have not observed any circumstances that would threaten the Group's ability to continue as a going concern.

2.2. Impact of the geopolitical and macroeconomic situation on the Group's business operations

As at the date of publication of these interim condensed consolidated financial statements, based on its analysis of existing geopolitical and macroeconomic risks, the Management Board concluded that the Group's ability to continue as a going concern over a period not shorter than 12 months from 31 March 2024 is not threatened.

The Russian invasion of Ukraine in February 2022 caused a radical change in the geopolitical situation of the region in which the Parent Company and other companies of our Group are located. ASEE Group does not conduct any significant business operations in Russia, Belarus or in Ukraine, nor does it hold any cash in Russian banks. At the time of publication of these financial statements, the Group has not observed any significant impact of the current economic and political situation in Ukraine or the sanctions imposed on Russia on the Group's operations. On a global scale, the war in Ukraine and the COVID-19 pandemic that took place in previous years have both translated into a less stable economic environment, rising inflation and higher interest rates. However, these changes have not materially affected the Group's financial performance and the impact of interest rate hikes is limited as more than half of the Group's debt is based on fixed interest rates.

In 2022, Turkey was recognized as a country with a hyperinflationary economy. The Group consolidates the financial data of several subsidiaries operating in Turkey, including ASEE Turkey, Payten Turkey, Paratika, Mobven, and Payten Mobil, whose functional currency is that of a hyperinflationary economy. Therefore, these interim condensed consolidated financial statements contain the financial data of our subsidiaries operating in Turkey adjusted for the rate of inflation so that they reflected changes in the appropriate price index. The effects of hyperinflation adjustments have been described in explanatory note 2.10 to these interim condensed consolidated financial statements.

2.3. Compliance statement

These interim condensed consolidated financial statements have been prepared in conformity with the requirements set forth in the International Accounting Standard 34 'Interim Financial Reporting' as endorsed by the European Union (IAS 34).

Some of the Group companies maintain their accounting books in accordance with the accounting policies set forth in their respective local regulations. The interim condensed consolidated financial statements include adjustments not disclosed in the accounting books of the Group's entities which were introduced to adjust the financial statements of those entities to IFRS.

2.4. Functional currency and presentation currency

The presentation currency of these interim condensed consolidated financial statements is the Polish zloty (PLN) and all figures are presented in thousands of PLN (PLN'000), unless stated otherwise. Any inaccuracies in totals, amounting to PLN 1 thousand, are due to the adopted rounding of numbers.

The functional currency applied by the Parent Company and, at the same time, the presentation currency used in these interim condensed consolidated financial statements is the Polish zloty (PLN). Functional currencies applied by our subsidiaries consolidated in these financial statements are the currencies of primary business environments in which they operate. For consolidation purposes, financial statements of our foreign subsidiaries are translated into PLN using the respective currency exchange rates as quoted by the National Bank of Poland at the end of the reporting period in case of the statement of financial position, or using the arithmetic average of such exchange rates as published by the National Bank of Poland and effective on the last day of each month during the reporting period in case of the statement of comprehensive income as well as the statement of cash flows. The effects of such conversion are recognized in equity as 'Exchange differences on translation of foreign operations'.

As regards our subsidiaries operating in a hyperinflationary economy, individual items of the statement of comprehensive income are translated into PLN using the respective currency exchange rates as determined by the National Bank of Poland at the end of the reporting period. The difference resulting from the translation of the statement of comprehensive income at the exchange rate effective on the reporting date, instead of using the average exchange rate for the reporting period, is disclosed in the line 'Exchange differences on translation of foreign operations'.

2.5. Professional judgement and estimates

Preparation of consolidated financial statements in accordance with IFRS requires making estimates and assumptions which have an impact on the data disclosed in such financial statements. Although the adopted assumptions and estimates have been based on the Group's management best knowledge on the current activities and occurrences, the actual results may differ from those anticipated.

In the period of 3 months ended 31 March 2024, our approach to making estimates was not subject to any substantial modification in relation to the previous year.

2.6. Accounting policies applied

Significant accounting policies adopted by the Parent Company have been described in its consolidated financial statements for the year ended 31 December 2023 which were published on 27 February 2024.

Accounting policies adopted in the preparation of these interim condensed consolidated financial statements have remained unchanged in relation to those followed when preparing the Group's annual consolidated financial statements for the year ended 31 December 2023, except for the adoption of amendments to standards that have become effective from 1 January 2024.

New standards or amendments effective from 1 January 2024:

- Amendments to IFRS 16 'Leases – Lease Liability in a Sale and Leaseback';
- Amendments to IAS 1 'Presentation of Financial Statements': 'Classification of Liabilities as Current or Non-current', 'Non-current Liabilities with Covenants'.

The amended standards and interpretations that were first applied in 2024 had no significant impact on the consolidated financial statements of the Group.

2.7. New standards and interpretations published but not in force yet

The following standards and interpretations were issued by the International Accounting Standards Board (IASB) and International Financial Reporting Interpretations Committee (IFRIC), but have not yet come into force:

- IFRS 18 'Presentation and Disclosure in Financial Statements' (issued on 9 April 2024) – not yet endorsed by the EU till the date of approval of these financial statements – effective for annual periods beginning on or after 1 January 2027;
- Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates: Lack of Exchangeability' (issued on 15 August 2023) – not yet endorsed by the EU till the date of approval of these financial statements – effective for annual periods beginning on or after 1 January 2025;
- Amendments to IAS 7 'Statement of Cash Flows' and IFRS 7 'Financial Instruments: Disclosures: Supplier Finance Arrangements' (issued on 25 May 2023) – not yet endorsed by the EU till the date of approval of these financial statements – effective for annual periods beginning on or after 1 January 2024.

The specified effective dates have been set forth in the standards published by the International Accounting Standards Board. The actual dates of adopting these standards in the European Union may differ from those set forth in the standards and they shall be announced once they are approved for application by the European Union.

The Group did not decide on early adoption of any standard, interpretation or amendment which has been published but has not yet become effective.

The Group is currently conducting an analysis of how the above-mentioned amendments are going to impact its financial statements.

2.8. Changes in the presentation methods and in the comparable data

The Group has changed the comparable data disclosed as at 31 March 2023 and for the period of 3 months ended 31 March 2023 due to changes in the values of assets acquired that were recognized in the purchase price allocation of our subsidiary companies Bithat and Helius.

Detailed information on accounting for the acquisition of Bithat and Helius has been presented in explanatory note 6.4. to the Group's consolidated financial statements for the year 2023 which were published on 27 February 2024 as the purchase price allocation processes was completed in 2023.

The Group has also changed the comparable data disclosed as at 31 December 2023 due to changes in the values of assets acquired that were recognized in the purchase price allocation of our subsidiary companies IfthenPay and Dwelt. Detailed information on the acquired assets and liabilities of these companies has been presented in explanatory note 6.4 to these interim condensed consolidated financial statements.

2.9. Correction of errors

In the reporting period, no events occurred that would require making corrections of any misstatements.

2.10. Accounting effects of Turkey's status as a hyperinflationary economy

The Group has subsidiaries operating in a hyperinflationary economy to which IAS 29 'Financial Reporting in Hyperinflationary Economies' is applied. The Group has identified hyperinflation in Turkey on the basis of qualitative and quantitative factors existing in this country, and in particular because the three-year cumulative inflation rate exceeded 100% in April 2022 and have remained above 100% till the end of the reporting period.

In accordance with IAS 29, the financial data of our Turkey-based subsidiaries have been restated to reflect the purchasing power at the end of the reporting period, based on the consumer price index (CPI) as published by the Turkish Statistical Institute. Accordingly, non-monetary items in the statement of financial position as well as the statement of profit and loss have been restated to reflect the purchasing power at the reporting date. Monetary items such as receivables, liabilities, bank debt, etc. already reflect the purchasing power at the reporting date because these items are composed of balances, amounts of receivables or payables in respective monetary units. IAS 29, in conjunction with IAS 21 on foreign currency translation, also requires all transactions carried out in a hyperinflationary currency, i.e. Turkish lira (TRY), to be translated into the Group's presentation currency, i.e. Polish zloty (PLN), using the exchange rate effective on the reporting date. Therefore, in the current reporting period all transactions conducted in Turkey were converted into PLN using the exchange rate effective on 31 March 2024; whereas, all transactions conducted in Turkey in the previous year were converted into PLN using the exchange rate of 31 December 2023, although the Group usually translates transactions in the statement of profit and loss at the average exchange rate for the given reporting period.

Basis of restatements due to hyperinflation

- Price index:

Hyperinflation restatements of the financial data of our subsidiaries operating in Turkey have been based on officially available data on changes in the consumer price index (CPI) as published by the Turkish Statistical Institute. According to this index, the inflation rate for the period of 12 months ended 31 March 2024 reached 68%.

The rates of inflation for particular reporting periods are presented in the table below:

Inflation rate for particular periods	
March 2024 – December 2023	15%
March 2024 – March 2023	68%
December 2023 – December 2022	65%
December 2022 – December 2021	64%
Three-year cumulative inflation rate	
March 2024 – March 2021	309%
December 2023 – December 2020	268%

- Currency exchange rate:

All financial data of our subsidiary operations in Turkey, both in the statement of financial position and the statement of profit and loss are translated into the Group's presentation currency (PLN) using the TRY/PLN exchange rate effective on the reporting date, which is contrary to the Group's usual practice of translating the statement of profit and loss at the average exchange rate for the reporting period. As at 31 March 2024, this exchange rate was: TRY 1 = PLN 0.1237.

Assumptions for the approach and timing of hyperinflation restatements:

- Hyperinflation restatements in the local currency
 - The Group has analyzed items of the statement of financial position of its subsidiaries in Turkey and divided them into monetary and non-monetary assets/liabilities. Monetary items have not been restated because they are already expressed in terms of the monetary unit current at the end of the reporting period.
 - Significant non-monetary items existing in our Turkish subsidiaries include: goodwill arising from the acquisition of these companies, property, plant and equipment, intangible assets, right-of-use asset, prepayments, and liabilities from contracts with customers. Right-of-use assets have not been additionally revalued because they are periodically indexed by the inflation rate. Other non-monetary items have been restated to reflect the effects of inflation based on changes in the price index. Effects of changes in the price index in the period from initial recognition till 31 December 2023 have been recognized in the financial data for prior years. Whereas, effects of changes in the price index since 1 January till 31 March 2024 have been recognized in the financial statements for the current reporting period.

The restatements were made as at the date of initial recognition of non-monetary items, but not earlier than as at the date of acquisition of subsidiaries by the Group, because it is assumed that non-monetary items were then translated and recognized in the consolidated financial statements at fair value, reflecting the purchasing power as at the acquisition date. The restatement significantly increased the value of goodwill, property, plant and equipment, and intangible assets. Such restatement also resulted in higher costs in the statement of profit and loss in the form of higher depreciation and amortization charges due to the restated gross values of property, plant and equipment and intangible assets, higher expenses and income from the accounting for restated amounts of accruals and contract liabilities.
 - Due to the revaluation of non-monetary assets and liabilities, deferred tax calculated as the difference between the tax value and the book value was also revalued.
 - All transactions included in the statement of profit and loss for the year 2024 have been restated to reflect changes in the price index from the month when recognized till 31 March, except for depreciation charges on property, plant and equipment and amortization charges on intangible assets that have been remeasured based on the adjusted gross value of these assets, as well as expenses and income from the accounting for restated amounts of accruals and contract liabilities. The remeasurement of depreciation and amortization charges has been based on the normal periods of useful life of relevant assets. The restatement of the statement of profit and loss for the inflation rate resulted in an increase in the value of individual items presented in the local currency due to changes in the price index from the date of their recognition till 31 March 2024.
 - In correspondence to the restatement of the statement of profit and loss and the statement of financial position for the inflation rate in the current reporting period, the Group has recognized a gain/loss on the net monetary position, disclosed financial income/expenses in the statement of profit and loss. In correspondence to the revaluation of items in the statement of financial position for the inflation rate from the date of their initial recognition till the end of 2021, the Group has recognized exchange differences on translation of foreign operations disclosed separately in other comprehensive income for 2022 and in equity.
- Translation of financial data into the Group's presentation currency
 - Once the financial statements of our subsidiaries operating in Turkey were restated for the effects of inflation in the local currency, they have been translated into PLN which involved translating the statement of financial position and all items of the statement of profit and loss for the reporting period, using the TRY/PLN exchange rate effective on the reporting date. As at 31 March 2024, this exchange rate was: TRY 1 = PLN 0.1237. Translation of the statement of financial position has remained unchanged compared to the Group's usual practice, while the new principle of translating the statement of profit and loss has had a significant impact on its individual items. The effect of translating the statement of comprehensive income using the closing exchange rate of the reporting

period has been recognized in correspondence in exchange differences on translation of foreign operations.

- Time of recognition
 - IAS 29 has been implemented by the Group since 1 January 2022 and the first hyperinflation restatements were made in the interim consolidated financial statements for the period of 6 months ended 30 June 2022.

The impact of adopting IAS 29 on the consolidated financial statements for 2024 is summarized below:

* this investment is accounted for using the present ownership method, assuming we hold 100% of shares due to the existing put/call options
Both as at 31 March 2024 and 31 December 2023, all the subsidiary companies were subject to consolidation.
The Group had no shares in any jointly controlled entities as at 31 March 2024 or as at 31 December 2023.

During the period of 3 months ended 31 March 2024, the Group's composition changed as follows:

- **Merger of IT Sistemi Nove Tehnologije d.o.o. and Evision Informacijski Susteavi d.o.o.**

The companies of IT Sistemi Nove Tehnologije d.o.o. and Evision Informacijski Susteavi d.o.o. merged on 16 January 2024 and from that date they have operated as one company called IT Sistemi Nove Tehnologije d.o.o. The said transaction had no impact on the consolidated financial statements of the Group.

IV. Information on operating segments

According to IFRS 8, an operating segment is a separable component of the Group's business for which separate financial information is available and regularly reviewed by the chief operating decision maker in order to allocate resources to the segment and to assess its performance.

Asseco South Eastern Europe Group has identified the following reportable segments reflecting the structure of its business operations:

- Banking Solutions,
- Payment Solutions
- Dedicated Solutions.

These reportable segments correspond to the Group's operating segments.

The **Banking Solutions** portfolio includes fully-fledged solutions and products necessary to run a bank such as omnichannel solutions designed to distribute banking products and services, solutions allowing to improve communication with the customer, integrated core banking systems, authentication security solutions, reporting systems for regulatory compliance and managerial information, as well as risk management and anti-fraud systems. The segment also offers its clients 24x7 online services and consultancy in the areas of mobile and electronic banking and digital transformation.

The **Payment Solutions** segment provides complete payment industry solutions supporting online and offline payments, which are offered by the Payten Group for both financial and non-financial institutions. These solutions are intended for e-Commerce (online payment gateways, support for alternative payment methods – cryptocurrencies, QR codes, solutions enabling tokenization of cards, subscription payments), mobile payments (mPOS, vPOS, SoftPOS), payment card processing, as well as services related to ATMs and EFT POS terminals. The Group delivers software and services as well as ATMs and payment terminals, including outsourcing and equipment, providing the highest level of expertise, maintenance and support through the entire portfolio. This segment also operates an independent network of ATMs under the brand name of MoneyGet. In addition, the Group runs a network of independent EFT POS terminals at points of sale – IPD service under the Monri brand that enables merchants to replace two or more payment terminals at the point of sale with a single device connected directly to multiple acquirers (card issuers). Moreover, the segment offers complementary solutions for creating online and mobile stores and marketplace platforms, as well as cash register management and sales support systems (ECR) for retailers.

The **Dedicated Solutions** segment provides services to the sectors of utilities and telecommunications, public sector (including road infrastructure), government as well as to the banking and finance sector within the following business lines: BPM business process management, customer service and sales support platform, data registers, smart city, AI & Machine Learning, e-Tax, border control, authentication, dedicated solutions, BI and ERP. The Group focuses on selling its proprietary solutions but also offers a full range of integration services for solutions from leading global vendors.

The Group's financing activities as well as income taxes are monitored at the whole group level and therefore they are not allocated to individual operating segments. The Management also does not analyze assets and liabilities or cash flows in a breakdown by segments. The table below presents the key financial information reviewed by the chief operating decision maker in the Company.

Revenues from none of our clients exceeded 10% of total sales generated by the Group in the period of 3 months ended 31 March 2024.

The financial data of our subsidiaries operating in Turkey were restated due to hyperinflation. The Management analyzes the operations of individual segments and their financial performance without the impact of hyperinflation revaluations. Therefore, the impact of hyperinflation has been disclosed in a separate column in order to reconcile the financial data of segments with the data presented elsewhere in the interim condensed consolidated financial statements.

Recognition (reversal) of impairment losses on financial instruments	(1,532)	(1,318)
Total	(319,598)	(330,398)

Third-party non-project services include consulting services which are not related to specific projects, as well as auditing, legal, banking, postal, courier services, and stock exchange fees.

Maintenance costs of property and company cars include the costs of equipment repairs and spare parts used for the executed projects, costs of repairs and maintenance of tangible assets (including infrastructure provided under our outsourcing contracts), maintenance costs of intangible assets, office space rental and maintenance fees, as well as maintenance of company cars.

Share-based payment transactions with employees

Currently, the Group has two share-based payment plans as defined in IFRS 2 which are settled in equity instruments.

2021 plan

On 23 September 2021, Asseco International a.s. and managers of ASEE Group companies signed agreements for the acquisition of shares in ASEE S.A. The whole incentive plan covers 547,550 shares of ASEE S.A. which represent 1.06% of the Company's share capital. Members of the Management Board of ASEE S.A. as well as parties related through Members of the Management Board of ASEE S.A. acquired 341,336 shares in total.

The above-mentioned agreements constitute an equity-settled share-based payment transaction as defined by IFRS 2.

The standalone financial statements present the costs related to the acquisition of 316,425 shares, including 280,000 shares acquired by Piotr Jeleński, CEO of ASEE S.A., and 25,000 shares acquired by Michał Nitka, Member of the Management Board of ASEE S.A.

The costs of this share-based payment plan disclosed in the interim condensed consolidated financial statements of ASEE Group for the period of 3 months ended 31 March 2024 amounted to PLN 73 thousand, as compared to PLN 72 thousand in the first quarter of 2023. In correspondence, this transaction was recognized as a separate item of the Group's equity, in the same amount as disclosed in remuneration costs.

Detailed information on the share-based payment plan has been presented in explanatory note 5.2 to the annual consolidated financial statements of ASEE Group for 2023 which were published on 27 February 2024.

2022 plan

On 22 August 2022, ASEE S.A. signed agreements to sell shares in Payten Holding S.A. to the managers of ASEE Group companies. The whole incentive plan covers 426,571 shares of Payten Holding S.A. which represent 0.93% of the company's share capital.

The above-mentioned agreements constitute an equity-settled share-based payment transaction as defined by IFRS 2.

The costs of this share-based payment plan disclosed in the interim condensed consolidated financial statements of ASEE Group for the period of 3 months ended 31 March 2024 amounted to PLN 87 thousand, as compared to PLN 86 thousand in the first quarter of 2023. In correspondence, this transaction was recognized as a separate item of the Group's equity, in the same amount as disclosed in remuneration costs.

Detailed information on the share-based payment plan has been presented in explanatory note 5.2 to the annual consolidated financial statements of ASEE Group for 2023 which were published on 27 February 2024.

i. Reconciliation of depreciation and amortization charges

The table below presents the reconciliation of depreciation and amortization charges recognized in the statement of profit and loss with those disclosed in the tables of changes in property, plant and equipment, as well as in intangible assets:

	3 months ended 31 March 2024	3 months ended 31 March 2023 (restated)
	PLN'000	PLN'000

Amortization charges as disclosed in the table of changes in intangible assets	(5,944)	(4,591)
Depreciation charges as disclosed in the table of changes in right-of-use assets	(5,478)	(5,667)
Depreciation charges on investment property	(8)	(9)
Reduction of amortization charges due to recognition of grants to internally generated licenses	166	-
Total depreciation and amortization charges disclosed in the statement of profit and loss and in the statement of cash flows	(23,595)	(22,953)

5.3. Other operating income and expenses

Other operating income and expenses in the period of 3 months ended 31 March 2024 and in the comparable period were as follows:

Other operating income	3 months ended 31 March 2024	3 months ended 31 March 2023
	PLN'000	PLN'000
Gain on disposal of property, plant and equipment	185	131
Income from letting of own office space	11	13
Reversal of a provision for the costs of court litigation relating to other operations	39	16
Grants and subsidies received	2	149
Gain on modification of lease contracts	9	14
Other	229	399
Total	475	722

Other operating expenses	3 months ended 31 March 2024 PLN'000	3 months ended 31 March 2023 PLN'000
Loss on disposal of property, plant and equipment	(45)	(4)
Charitable contributions to unrelated parties	(36)	(360)
Allowances for other receivables	(227)	-
Other	(181)	(218)
Total	(489)	(582)

5.4. Financial income and expenses

Financial income earned during the period of 3 months ended 31 March 2024 and in the comparable period was as follows:

Financial income	3 months ended 31 March 2024 PLN'000	3 months ended 31 March 2023 PLN'000
Interest income on loans granted and bank deposits	1,443	754
Positive foreign exchange differences	4,378	1,668
Gain on exercise and/or valuation of financial assets carried at fair value through profit or loss	45	176
Gain on revaluation of conditional payments in transactions to obtain control	749	-
Gain on the net monetary position – hyperinflation	10,210	9,563
Other financial income	1	8
Total financial income	16,826	12,169

Gain on the net monetary position resulted from the hyperinflation revaluation of non-monetary assets and liabilities of our subsidiaries operating in Turkey. The impact of hyperinflation has been described in detail in explanatory note 2.10 to these interim condensed consolidated financial statements.

Financial expenses incurred during the period of 3 months ended 31 March 2024 and in the comparable period were as follows:

Financial expenses	3 months ended 31 March 2024 PLN'000	3 months ended 31 March 2023 PLN'000
Interest expenses on bank loans and borrowings	(1,027)	(945)
Interest expenses on leases	(620)	(475)
Other interest expenses	(174)	(144)
Negative foreign exchange differences	(1,266)	(2,179)
Loss on revaluation of conditional payments in transactions to obtain control and/or buyout of minority interests	(390)	(159)
Loss on revaluation of liabilities from the acquisition of non-controlling interests (put options)	(2,921)	(636)
Loss on exercise and/or valuation of financial assets carried at fair value through profit or loss	-	(22)
Dividends declared for minority shareholders in acquisitions accounted for using the present ownership method	(83)	-
Other financial expenses	(11)	(10)
Total financial expenses	(6,492)	(4,570)

Positive and negative foreign exchange differences are presented in net amounts (reflecting the excess of positive differences over negative differences or otherwise) at the level of individual subsidiaries.

Gain/loss on revaluation of conditional payments in transactions to obtain control resulted from changes in the estimates of deferred contingent liabilities arising from the acquisition of controlling interests in subsidiaries.

Gain/loss on revaluation of liabilities from the acquisition of non-controlling interests (put options) results from changes in the estimates that are the basis for the calculation of a liability arising from put options if, under

the purchase agreement, benefits incidental to ownership of such puttable equity instruments shall be transferred to the Parent Company (present ownership).

5.5. Corporate income tax

The main charges on pre-tax profit resulting from corporate income tax (current and deferred portions):

	3 months ended 31 March 2024	3 months ended 31 March 2023 (restated)
	PLN'000	PLN'000
Current corporate income tax expense as disclosed in the statement of profit and loss, of which:	(10,227)	(12,009)
<i>Current portion of income tax</i>	(11,063)	(12,122)
<i>Corrections of CIT filings for prior years</i>	836	113
Deferred income tax	1,026	1,436
Income tax expense as disclosed in the statement of profit and loss	(9,201)	(10,573)

During the period of 3 months ended 31 March 2024, our effective tax rate equalled 15.9%, as compared to 18.4% in the comparable period. Such decrease in the effective tax rate is basically attributable to the recognition of an additional one-time tax for financing damages caused by the earthquake that hit Turkey in the first quarter of 2023.

5.6. Earnings per share

Both during the reporting period and the comparable period, there were no instruments that could potentially dilute basic earnings per share, hence our basic earnings per share and diluted earnings per share are equal. The table below presents net profits and numbers of shares used for the calculation of earnings per share.

	3 months ended 31 March 2024	3 months ended 31 March 2023 (restated)
Weighted average number of ordinary shares outstanding, used for calculation of basic earnings per share	51,894,251	51,894,251
Net profit attributable to shareholders of the Parent Company for the reporting period (in thousands of PLN)	47,010	45,138
Consolidated earnings per share for the reporting period (in PLN)	0.91	0.87

5.7. Information on dividends paid out

Until 31 March 2024, the General Meeting has not yet adopted a resolution on distribution of the Parent Company's net profit for the year 2023. However, on 27 February 2024, in line with the Management's proposal presented at the Supervisory Board meeting, the Supervisory Board passed a resolution to recommend to the Company's General Meeting to approve payment of a dividend for the year 2023 in the amount of PLN 1.65 per share. The total amount allocated to the dividend payment (from the net profit for 2023) equals PLN 85,626 thousand.

In 2023, the Parent Company paid out to its shareholders a dividend for the year 2022. The Annual General Meeting of Asseco South Eastern Europe S.A. seated in Rzeszów acting on the basis of art. 395 § 2 item 2 and art. 396 § 1 of the Commercial Companies Code, as well as pursuant to §12 sec. 4 item 2 of the Company's Articles of Association, on 22 June 2023 adopted a resolution to pay out a dividend in the total amount of PLN 75,766 thousand or PLN 1.46 per share to all of the Company's shareholders. The Company's Annual General Meeting established 30 June 2023 as the dividend record date. The dividend was paid out on 13 July 2023. The number of shares eligible for dividend was 51,894,251.

Dedicated Solutions	397,481	398,319	341,149
Total at the end of the period	875,391	877,195	797,518

In the period of 3 months ended 31 March 2024, the balance of goodwill arising from consolidation was affected by the following transactions:

i. Hyperinflation in Turkey

Due to the recognition of the Turkish economy as hyperinflationary, the Group has applied IAS 29 which requires the restatement of non-monetary assets to take into account the change in purchasing power based on the general price index and to be expressed in the measuring units current at the end of the reporting period. One of the non-monetary assets is goodwill recognized as at the date of obtaining control over our Turkish subsidiaries. Such goodwill resulted from company acquisitions carried out in the years 2010-2021.

The inflation-related revaluation of goodwill by the price index for 2024, translated at the exchange rate of 31 March 2024, amounted in total to PLN 9,924 thousand which was recognized in financial income, under 'Gain/Loss on the net monetary position', for the first quarter of 2024.

Foreign exchange differences arising from the hyperinflation restatement of prior year goodwill, at the exchange rate of 31 March 2024, were recognized in correspondence under 'Exchange differences on translation of foreign operations'.

The impact of hyperinflation on the consolidated financial statements has been described in explanatory note 2.10 to these interim condensed consolidated financial statements.

ii. Acquisition of shares in IfthenPay Lda

On 13 October 2023, Payten Holding S.A. acquired 80% of shares in IfthenPay Lda, a company based in Santa Maria de Lamas (Portugal). All non-controlling interests are subject to put/call options and accounted for using the present ownership method. Therefore, this acquisition is accounted for as if the Group had purchased 100% of shares in IfthenPay, and consequently it does not recognize any non-controlling interests.

The total purchase price determined as at the acquisition date was EUR 13.8 million and it comprised: the consideration of EUR 8.3 million paid on the transaction date, the fair value of conditional payments depending on financial results achieved by the acquired company in the amount of EUR 1.4 million, as well as the fair value of liabilities under put options held by non-controlling shareholders in the amount of EUR 4.1 million.

During the first quarter of 2024, the Group recognized intangible assets existing in the acquired company, while the purchase price allocation process has not yet been completed by the Group until 31 March 2024. Therefore, goodwill recognized on the acquisition of IfthenPay Lda as disclosed below may be subject to change in the period of 12 months from the date of obtaining control over that company. The provisional values of identifiable assets and liabilities of IfthenPay as at the date of obtaining control are presented below (converted at the exchange rate of PLN/EUR effective on the acquisition date):

Input data were derived from the company's financial statements drawn up as at 30 September 2023. The input data were prepared in accordance with the ASEE Group's accounting policy.

As a result of the purchase price allocation, the Group recognized intangible assets constituted by a system for authorization and processing of payment transactions. The software valuation was made on the basis of expected future sales revenues, expected EBITDA margin and return on assets employed. The estimated cash flows were discounted with a discount rate equivalent to the weighted average cost of capital determined for the acquired company. In correspondence to the recognition of assets, the Group recognized deferred tax liabilities.

In the consolidated financial statements of ASEE Group, goodwill arising from the acquisition of IfthenPay company was allocated to the Payment Solutions segment.

Acquisition-related expenses were recognized in the statement of profit and loss.

iii. Acquisition of shares in Dwelt d.o.o. Banja Luka

On 20 December 2023, ASEE d.o.o. Sarajevo acquired 60% of shares in Dwelt d.o.o., a company based in Banja Luka (Bosnia and Herzegovina). All non-controlling interests are subject to put/call options and accounted for using the present ownership method. Therefore, this acquisition is accounted for as if the Group had purchased 100% of shares in Dwelt, and consequently it does not recognize any non-controlling interests.

The total purchase price determined as at the acquisition date was BAM 51 million and it comprised: the consideration of BAM 7.8 million paid on the transaction date, the fair value of conditional payments depending on financial results achieved by the acquired company in the amount of BAM 11.6 million, as well as the fair value of liabilities under put options held by non-controlling shareholders in the amount of BAM 31.7 million.

During the first quarter of 2024, the Group recognized intangible assets existing in the acquired company, while the purchase price allocation process has not yet been completed by the Group until 31 March 2024. Therefore, goodwill recognized on the acquisition of Dwelt d.o.o. as disclosed below may be subject to change in the period of 12 months from the date of obtaining control over that company. Figures converted to PLN at the exchange rate effective on the acquisition date, i.e. 20 December 2023: BAM 1 = PLN 2.2102

Input data were derived from the company's financial statements drawn up as at 31 December 2023. The input data were prepared in accordance with the ASEE Group's accounting policy.

As a result of the purchase price allocation, the Group recognized intangible assets constituted by core software that supports all business and operational processes of electricity suppliers, distribution system operators and municipal utilities. The software valuation was made on the basis of expected future sales revenues, expected EBITDA margin and return on assets employed. The estimated cash flows were discounted with a discount rate equivalent to the weighted average cost of capital determined for the acquired company. In correspondence to the recognition of assets, the Group recognized deferred tax liabilities.

In the consolidated financial statements of ASEE Group, goodwill arising from the acquisition of Dwelt was allocated to the Dedicated Solutions segment.

Acquisition-related expenses were recognized in the statement of profit and loss.

			42,965	47,054	54,124	51,610	41,102	63,946

The Group's total debt amounted to PLN 90,019 thousand as at 31 March 2024, as compared to PLN 105,734 thousand as at 31 December 2023. The amount of debt decreased as a result of scheduled repayments of bank loans for financing of our payment process outsourcing projects, as well as bank overdraft facilities used in our current business operations.

During the period of 3 months ended 31 March 2024, no new bank loans were obtained, while repayments of bank loans disclosed in the statement of cash flows amounted to PLN 14,992 thousand.

As at 31 March 2024, tangible assets with a book value of PLN 18,150 thousand, trade receivables in the amount of PLN 13,145 thousand, cash in the amount of PLN 4,838 thousand, and financial assets (deposits) in the amount of PLN 1,155 thousand served as collateral for bank loans as well as for bank overdraft and guarantee facilities. As at 31 March 2024, liabilities that were secured with such assets amounted to PLN 38,436 thousand.

As at 31 December 2023, tangible assets with a book value of PLN 18,350 thousand, trade receivables in the amount of PLN 31,882 thousand, cash in the amount of PLN 10,096 thousand, and financial assets (deposits) in the amount of PLN 1,160 thousand served as collateral for bank loans as well as for bank overdraft and guarantee facilities. As at 31 December 2023, liabilities that were secured with such assets amounted to PLN 53,915 thousand.

Some loans obtained from banks come with the so-called covenants which impose an obligation to maintain certain financial ratios at the levels required by the bank. These ratios are related to the level of indebtedness, e.g. debt to EBITDA. Both as at 31 March 2024 and 31 December 2023, ASEE Group companies did not infringe on any covenants defined in their bank loan agreements.

Fair value of financial liabilities

In the period of 3 months ended 31 March 2024, the Group did not transfer any debt instruments between individual levels of the fair value hierarchy.

As at 31 March 2024, 31 December 2023 and 31 March 2023, the fair values of bank loans were not significantly different from their book values, and they were determined using calculation models based on inputs that are not observable, neither directly or indirectly, in active markets (level 3 of the fair value hierarchy).

6.12. Other financial liabilities

The table below presents other financial liabilities of the Group outstanding as at 31 March 2024, 31 December 2023 and 31 March 2023:

Non-cash increase in lease liabilities resulted from the conclusion of new lease contracts as well as modification of existing contracts. Non-cash decrease in lease liabilities resulted from the modification or early termination of lease contracts.

Dividends paid out to non-controlling shareholders represent payments to the minority shareholders of eMon company.

VIII. Other explanatory notes

8.1. Off-balance-sheet liabilities

Within its commercial activities ASEE Group uses bank guarantees as well as contract performance guarantees as forms of securing its business transactions with miscellaneous organizations, companies and administration bodies. As at 31 March 2024, the related contingent liabilities amounted to PLN 77,113 thousand, as compared to PLN 95,239 thousand as at 31 December 2023, and PLN 77,920 thousand as at 31 March 2023.

Assets serving as collateral for bank guarantee facilities:

Category of assets	Net value of assets			Amount of granted guarantee secured with assets		
	31 March 2024	31 December 2023	31 March 2023	31 March 2024	31 December 2023	31 March 2023
	PLN'000	PLN'000	PLN'000	PLN'000	PLN'000	PLN'000

Other receivables	970	838	336	1,313	838	336
Total	970	838	371	1,313	838	371

None of the above-described guarantee obligations meet the definition of a financial guarantee under IFRS 9, and therefore they are not recognized as liabilities in the statement of financial position of the Group as at 31 March 2024.

The Group is party to a number of contracts for rental of:

- offices and warehouses,
- locations for ATMs,
- transportation vehicles,
- office equipment,
- other assets.

As at 31 March 2024, 31 December 2023 and 31 March 2023, the above-mentioned contracts resulted in the following off-balance-sheet liabilities to make future payments:

	31 March 2024	31 December 2023	31 March 2023
	PLN'000	PLN'000	PLN'000
<i>Liabilities from rental of space</i>			
In the period up to 1 year	3,587	4,058	2,993
In the period from 1 to 5 years	4,664	4,691	3,013
Over 5 years	-	-	-

In the period from 1 to 5 years	-	-	-
Over 5 years	-	-	-
	184	269	247

The said contracts meet the definition of a lease under IFRS 16. Off-balance-sheet liabilities disclosed as at 31 March 2024 are related to lease contracts that were subject to exemptions provided under IFRS 16 (short-term leases and leases of low-value assets).

Disputes in litigation as at the end of the reporting period

During the reporting period, no significant proceedings were pending before any court, arbitration authority or public administration authority, concerning any liabilities or receivables of ASEE Group companies.

8.2. Seasonal and cyclical business

The Group's sales revenues are subject to some seasonality in individual quarters of the year. The fourth quarter revenues tend to be higher than in the remaining periods, as bulk of such turnover is generated from the sale of IT services for large enterprises and public administration. Such entities often decide to make higher purchases of hardware and licenses in the last months of a year.

8.4. Significant events after the reporting period

- ***Changing the name of a subsidiary company to ASEE Solutions d.o.o.***

On 1 April 2024, the name of our Serbia-based subsidiary company Asseco SEE d.o.o. Belgrade was changed to ASEE Solutions d.o.o. Belgrade.

In the period from 31 March 2024 till the date of approval of these interim condensed consolidated financial statements, this is until 24 April 2024, we have not observed any significant events, the disclosure of which might significantly affect the assessment of human resources, assets and financial position of ASEE Group.

8.5. Significant events related to prior years

Until the date of preparing these interim condensed consolidated financial statements for the period of 3 months ended 31 March 2024, we have not observed any significant events related to prior years, which have not but should have been included in these financial statements.

**Summary and analysis of the financial results
of Asseco South Eastern Europe Group
for the period of 3 months ended 31 March 2024**

I. Financial results of Asseco South Eastern Europe Group for the first quarter of 2024

Net profit attributable to Shareholders of the Parent Company	47,010	45,138	4%	10,879	9,603	13%

Sales revenues presented in Polish zlotys amounted to PLN 367.1 million, decreasing by PLN 13 million or 3% in relation to the first quarter of 2023. Operating profit reached PLN 47.5 million decreasing by 5%, while EBITDA for the first quarter of 2024 amounted to PLN 71.1 million showing a decline by 2%. Net profit attributable to Shareholders of the Parent Company for the first three months of 2024 amounted to PLN 47.0 million, reflecting an increase by PLN 1.9 million or 4%.

Contrary to the amounts presented in PLN, those expressed in EUR recorded year-on-year improvement. In the first quarter of 2024, our sales presented in euros totalled EUR 84.9 million, increasing by EUR 4.1 million or 5%. Operating profit reached EUR 11 million, while EBITDA amounted to EUR 16.4 million, both going up by 4% and 6%, respectively. The difference in the year-on-year changes in our results expressed in EUR versus those presented in PLN is due to the appreciation of the Polish zloty which began in April 2023. The average exchange rate of EUR versus PLN in the first quarter of 2024 was 8% lower than in the first quarter of 2023.

Improvement in the financial results of ASEE Group observed in the first quarter of 2024 is basically the effect of a larger scale of operations in the Payment Solutions segment. The growing scale of operations is also partly attributable to the consolidation of several new companies that joined ASEE Group in 2023. The newly acquired subsidiaries of ASEE Group generated EUR 2.8 million of sales revenues in the first quarter of 2024. At the same time, our new subsidiaries contributed EUR 0.7 million to EBIT and EUR 1.1 million to EBITDA.

The above-mentioned results for the first quarter of 2024 also include the effects of hyperinflation related to our Turkish operations, recognized in accordance with IAS 29. Such impact is presented in the table below.

	3 months ended	Impact of	3 months ended	3 months ended	Impact of	3 months ended

More detailed information on financial reporting in hyperinflationary conditions is provided in explanatory note 2.10 to the interim condensed consolidated financial statements.

Described below are the financial results of individual operating segments which do not include the effects of hyperinflation. This approach is in line with information on operating segments that is reviewed by the Management Board.

Results of the **Payment Solutions** segment

Payment Solutions	3 months ended		Change	3 months ended		Change
	31 March 2024	31 March 2023 (restated)		31 March 2024	31 March 2023 (restated)	
	PLN'000	PLN'000		EUR'000	EUR'000	
Sales revenues	177,908	171,733	4%	41,172	36,535	13%
Operating profit	28,458	23,535	21%	6,586	5,007	32%
EBITDA	43,071	38,976	11%	9,968	8,292	20%

In the first quarter of 2024, sales of the **Payment Solutions** segment reached EUR 41.2 million, increasing by EUR 4.6 million or 13%. Such growth was generated primarily by the business lines engaged in e-Commerce and payment processing whose revenues increased by EUR 3.7 million in aggregate. This improvement was largely achieved by our companies operating in Turkey and Western Europe, and to a lesser extent in Serbia and Croatia. Revenues also increased in the business lines responsible for offering independent POS and ECR solutions to retail customers, although on a much smaller scale by EUR 0.6 million, thanks to our operations in Slovenia, Romania, Bosnia and Herzegovina, Slovakia and the Czech Republic. As regards traditional business, the business line responsible for the supply and maintenance of ATMs recorded an increase in revenues by EUR 1.7 million mainly due to deliveries carried out in Croatia, Northern Macedonia and Bosnia and Herzegovina. The business line responsible for the supply and maintenance of POS terminals, on the other hand, recorded a decrease in revenues by EUR 1.4 million, mainly due to our operations in Western Europe and, to a lesser extent, in Bosnia and Herzegovina.

Operating profit of the **Payment Solutions** segment for the first quarter of 2024 amounted to EUR 6.6 million, improving by EUR 1.6 million or 32%. Just as in the case of revenues, the increase in operating profit was driven mainly by our e-Commerce and payment processing business lines, while financial performance of the business lines responsible for offering solutions to retail customers increased to a lesser extent. Whereas, the business line responsible for the supply and maintenance of POS terminals recorded weaker operating results year on year.

Consolidated EBITDA of the **Payment Solutions** segment for the first quarter of 2024 reached EUR 10.0 million, improving by EUR 1.7 million.

Results of the **Banking Solutions** segment

Banking Solutions	3 months ended		Change	3 months ended		Change
	31 March 2024	31 March 2023 (restated)		31 March 2024	31 March 2023 (restated)	
	PLN'000	PLN'000		EUR'000	EUR'000	
Sales revenues	72,279	72,206	0%	16,727	15,361	9%
Operating profit	17,529	17,295	1%	4,057	3,679	10%
EBITDA	20,831	20,656	1%	4,821	4,394	10%

In the first quarter of 2024, the **Banking Solutions** segment generated EUR 16.7 million in sales revenues, achieving an increase by EUR 1.4 million or 9% in relation to the comparable period last year. Such growth was accompanied by a change in the revenue structure of individual business lines. Due to the progress or completion of some of our significant projects, revenues from implementation and modification services carried out by the business line responsible for core banking systems were weaker than in the comparable period of the previous year. Concurrently, the business line offering multi-channel solutions generated stronger revenues from services provided in Bulgaria and Croatia and subscription fees in Serbia. The third business line of this operating segment which offers security solutions also recorded an increase in revenues mainly on the back of implementation services performed in Croatia.

Operating profit of the Banking Solutions segment for the first quarter of 2024 reached to EUR 4.1 million, improving by EUR 0.4 million or 10% in relation to the comparable period last year. Just as in the case of revenues, the largest increase in operating profit was generated by the business line offering multi-channel solutions and, to a lesser extent, by the business line offering security solutions, while the business line responsible for core banking systems reported weaker results.

Consolidated EBITDA of the Banking Solutions segment for the first quarter of 2024 increased by EUR 0.4 million or 10%, to the level of EUR 4.8 million.

Results of the **Dedicated Solutions** segment

Dedicated Solutions	3 months ended	3 months ended	Change	3 months ended	3 months ended	Change
	31 March 2024	31 March 2023 (restated)		31 March 2024	31 March 2023 (restated)	
	PLN'000	PLN'000		EUR'000	EUR'000	
Sales revenues	115,146	134,734	-15%	26,647	28,665	-7%
Operating profit	1,931	8,999	-79%	447	1,916	-77%
EBITDA	6,948	12,789	-46%	1,608	2,722	-41%

The beginning of 2024 was characterized by a slowdown in signing new contracts within the **Dedicated Solutions** segment. The segment's sales in the first quarter of 2024 declined by EUR 2.0 million or 7%, to the level of EUR 26.6 million. Such decrease in revenues was mainly attributable to the business line responsible for third-party solutions in Serbia and Romania, where deliveries of equipment and third-party solutions were lower. The business line offering proprietary solutions also reported a decline in revenues, mainly due to lower revenues from business process outsourcing in Western Europe as well as weaker revenues from implementation services in Croatia.

Operating profit of the Dedicated Solutions segment for the first quarter of 2024 amounted to EUR 0.4 million and was lower by EUR 1.5 million or 77% than in the comparable period last year.

EBITDA of the Dedicated Solutions segment for the first quarter of 2024 decreased by EUR 1.1 million or 41% to the level of EUR 1.6 million. The segment's EBITDA decreased less than EBIT mainly due to depreciation of assets that were recognized in the purchase price allocation of the Bosnia-based company Dwelt.

Net profit

Consolidated **net profit** of ASEE Group for the first quarter of 2024, excluding the effects of accounting under IAS 29, amounted to EUR 9.0 million, reflecting an increase by EUR 1.1 million or 13% in relation to the comparable period last year. The result on financial activities in the first three months of 2024 equalled EUR 0.0 million, as compared to EUR -0.4 million reported a year ago. The result on financial activities improved mainly due to the balance of positive and negative exchange differences, which increased by EUR 0.8 million. However, such increase was partially offset by EUR 0.4 million of higher financial expenses arising from the revaluation (including unwinding of discounts) of deferred liabilities from the acquisition of subsidiaries as well as put options granted to minority shareholders of subsidiaries. The Group also recognized higher interest income.

In the first quarter of 2024, our effective tax rate equalled 19.0%, decreasing by 3.0 percentage points in relation to the first three months of 2023. Such decrease is basically attributable to the one-time recognition of additional tax liabilities last year, due to the imposition of an additional one-time tax for financing damages caused by the earthquake that hit Turkey in the first quarter of 2023. Excluding this impact, our effective tax rate increased by approx. 1.7 percentage points mainly due to a higher share of taxable income in countries where the effective tax rates are higher than the Group's average.

II. Analysis of financial ratios

Profitability ratios

	3 months ended 31 March 2024	3 months ended 31 March 2023 (restated)
Gross profit margin	26.2%	25.9%
EBITDA margin	19.4%	19.1%
Operating profit margin	12.9%	13.1%
Net profit margin	12.8%	11.9%
Return on equity (ROE)*	17.6%	18.0%
Return on assets (ROA)*	10.6%	11.4%

* Ratios calculated on financial data for the trailing 12 months

In the first quarter of 2024, our gross profit margin equalled 26.2% and it was higher by 0.3 percentage points than in the corresponding period last year.

Analyzing individual operating segments (excluding hyperinflation restatements), gross profit margin in the Banking Solutions segment decreased by 0.7 pp, in the Payment Solutions segment it increased by 2.9 pp, while in the Dedicated Solutions segment it decreased by 4.4 pp.

Our EBITDA margin equalled 19.4% as compared to 19.1% realized in the comparable period last year. Operating profit margin dropped by 0.2 pp to the level of 12.9%. EBIT margin only declined in the Dedicated Solutions segment by -5.0 pp. Whereas, the Banking Solutions segment and the Payment Solutions segment both improved their EBIT margins by 0.3 pp and 2.3 pp, respectively.

The net profit margin reached 12.8%, reflecting an increase by 0.9 pp in comparison to the level achieved in the first quarter of 2023.

Return on equity for the trailing 12 months ended 31 March 2024 equalled 17.6%, decreasing by 0.4 pp, while return on assets dropped by 0.8 pp to the level of 10.6%.

Liquidity ratios

	31 March 2024	31 December 2023 (restated)	31 March 2023 (restated)
Working capital (in thousands of PLN)	262,959	235,217	273,104
Current liquidity ratio	1.5	1.3	1.5
Quick liquidity ratio	1.2	1.1	1.3
Absolute liquidity ratio	0.5	0.4	0.6

The above ratios have been computed using the following formulas:

Working capital = current assets - current liabilities

Current liquidity ratio = current assets / current liabilities

Quick liquidity ratio = (current assets - inventories - prepayments) / current liabilities

Absolute liquidity ratio = (short-term financial assets + cash and short-term bank deposits) / current liabilities

At the end of March 2024, our working capital amounted to PLN 263.0 million, reflecting an increase by PLN 27.7 million in relation to its level reported at the end of 2023.

During the first quarter of 2024, the value of current assets declined by PLN 154.0 million, primarily as a result of decreases in trade receivables by PLN 118.5 million, in cash and bank deposits by PLN 53.5 million, and in inventories by PLN 21.6 million. Such decline was partially offset by increases in contract assets by PLN 22.3 million and in other receivables by PLN 9.4 million. Other receivables increased due to higher receivables from payment transactions processed (Paratika, IfthenPay), while the value of inventories dropped mainly due to the completion of projects (including deliveries of POS terminals, ATMs and third-party licenses). Assets from contracts with customers increased following an increase in uninvoiced receivables by PLN 13.1 million and a higher valuation of IT contracts by PLN 9.2 million.

Over the same period, our current liabilities declined by PLN 181.7 million, primarily as a result of decreases in trade payables by PLN 116.4 million, in liabilities to the state and local budgets by PLN 20.5 million, in contract liabilities by PLN 20.3 million, as well as in other financial liabilities by PLN 13.1 million. Other financial liabilities

dropped primarily due to the settlement of a portion of conditional payment for the controlling interest in Avera company, making a conditional payment arising from the acquisition of non-controlling interests in IPS Croatia, as well as payment of dividends to minority shareholders.

Our liquidity ratios at the end of the first quarter of 2024 recorded a slight improvement in relation to those reported at the end of December 2023 which resulted from the changes described above.

Debt ratios

	31 March 2024	31 December 2023 (restated)	31 March 2023 (restated)
Total debt ratio	41.2%	47.0%	37.9%
Debt / equity ratio	11.8%	13.6%	13.0%
Debt / (debt + equity) ratio	10.6%	12.0%	11.5%

The above ratios have been computed using the following formulas:

Total debt ratio = (non-current liabilities + current liabilities) / assets

Debt / equity ratio = (interest-bearing bank loans + lease liabilities) / equity

Debt / (debt + equity) ratio = (interest-bearing bank loans + lease liabilities) / (interest-bearing bank loans + lease liabilities + equity)

The total debt ratio decreased from 47.0% reported at the end of 2023 to the level of 41.2% as at 31 March 2024. Such change is primarily attributable to the decrease in total liabilities by PLN 188.7 million. In the first quarter of 2024, our current liabilities declined by PLN 181.7 million, as described above. Concurrently, the total value of assets decreased by PLN 158.3 million, basically due to a decline in current assets by PLN 154.0 million, as described above.

Our debt to equity ratio decreased by 1.8 pp, while the ratio of debt to total interest-bearing liabilities plus equity dropped by 1.4 pp as compared to the end of 2023. The debt ratios declined due to a decrease in liabilities under bank loans by PLN 15.7 million. Such decrease resulted from repayments of existing bank loans in line with the planned schedules. In addition, the value of equity increased by PLN 30.4 million.

III. Structure of the statement of cash flows

	3 months ended 31 March 2024 PLN'000	3 months ended 31 March 2023 PLN'000
Net cash provided by (used in) operating activities	(4,426)	43,615
Net cash provided by (used in) investing activities	(13,633)	(16,372)
Net cash provided by (used in) financing activities	(32,026)	(10,380)
Net change in cash and cash equivalents	(50,085)	16,863
Cash and cash equivalents at the end of the period	231,959	279,370

In the first quarter of 2024, net cash provided by our operating activities was negative and amounted to PLN -4.4 million. Although the pre-tax profit generated during the first 3 months of 2024 was at a similar level as in the comparable period of the previous year, the amount of cash generated was considerably lower mainly due to negative changes in working capital.

During the first three months of 2024, the decrease in liabilities, accruals and provisions amounted to PLN 156.8 million (indicating that cash outflows were higher by PLN 114.7 million than in the comparable period last year), while the change in inventories and receivables amounted to only PLN 87.2 million (indicating that cash inflows were higher by PLN 67.2 million than in the comparable period last year). Such fluctuations in the Group's working capital result from the values and phases of ongoing projects, and above all from the schedule of settlements with suppliers and customers of ASEE. Furthermore, the first quarter of a year is the time to settle tax and legal liabilities arising from the fourth quarter financial results of our companies, as well as to pay variable remunerations for the prior year, which poses an additional burden on cash flows without any impact on the statement of profit and loss.

Net cash outflows from our investing activities amounted to PLN -13.6 million in the first quarter of 2024. Our investing cash flows were most considerably influenced by the acquisitions of property, plant and equipment and intangible assets for the total amount of PLN 11 million. The acquisitions of tangible and intangible assets included, among others, our expenditures for infrastructure used in the outsourcing of payment processes. Expenditures under investing activities also include cash used for the acquisition of

subsidiaries, which amounted to PLN -2.9 million in the current reporting period and were related to the settlement of a portion of conditional payment for shares in Avera company.

In the first quarter of 2024, net cash used in our financing activities amounted to PLN -32 million. Such cash outflows resulted primarily from scheduled repayments of bank loans and borrowings and lease liabilities, along with interest, in the total amount of PLN 21.8 million, making a conditional payment arising from the acquisition of non-controlling interests in IPS company in the amount of PLN 6.1 million, as well as dividends paid out to non-controlling shareholders in the amount of PLN 4.1 million.

IV. Information on geographical structure of financial results

The table below presents the basic financial data from the statement of profit and loss for the period of 3 months ended 31 March 2024, in a breakdown by geographical area:
